

FLECK'S CEMENT LIQUID

Page 1 of 5

Section 1 – Identification

Product Name: Fleck's Cement Liquid Manufacturer: Mizzy Inc.

A division of Keystone Industries

52 W King St.

Myerstown, PA 17067

Chemical Name: Phosphoric Acid Solution Information Contacts: (800)-333-3131

Emergency Phone Numbers: US & Canada 1 (800)-535-5053

Product #: Various

Product Use: Dental Cements

Section 2 - Hazards Identification

EMERGENCY OVERVIEW

This information is based on findings from related or similar materials.

- Eye: May cause irreversible eye injury. Contact with liquid is corrosive to the eyes and causes burns
- Skin: Contact with liquid is corrosive and may cause severe burns
- Ingestion: Causes severe pain, nausea, vomiting, diarrhea, and shock. May cause permanent tissue destruction of the esophagus and digestive tract.
- Inhalation: Irritation may lead to chemical pnuemonitis and pulmonary edema.

 Causes severe irritation of upper respiratory tract with coughing, burns, breathing difficulty, and possible coma.

Potential Health Effects, Signs and Symptoms of Exposure:

Primary Route of Entry Inhalation, skin, and ingestion.

Eye Contact with liquid is corrosive to the eyes and causes burns.

Skin Contact with liquid is corrosive and causes severe burns.

Ingestion May cause permanent tissue destruction of the esophagus and digestive tract.

Inhalation Causes severe irritation of upper respiratory tract with coughing, burning, breathing difficulty, and

possible coma.

Sub-Chronic Effects Prolonged inhalation may cause respiratory tract inflammation and lung damage. Prolonged or

repeated skin contact may cause dermatitis. Prolonged or repeated eye contact may cause

conjunctivitis.

NOTE: Refer to Section 11, Toxicological Information for Details

Section 3 – Composition/Information on Ingredients

Chemical Identity	CAS Numbers	EINECS#	INCI Name	Exposure OSHA	Limits ACGIH	Carcinogen	%
y				TWA/STEL	TWA/STEL	IARC/NTP/OSH A	
Phosphoric Acid	7664-38-2	231-633-2	Phosphoric Acid	$TWA = 1 mg / m^3$	$TWA = 1 mg / m^3$ $STEL = 3 mg / m^3$	Not Listed	>70
Aluminum Oxide	21654-51-2	N/E	N/E	10 mg / m^3 (dust)	$TLV = 10 \text{ mg / m}^3$	Not Listed	<20

N/E – None N/DA – No Data Available
Established N/A – Not Applicable
N/R – Not Reviewed

(items in parenthesis relate to 1999/45/EC)

Phosphoric Acid: Danger Symbol – GHS05 (C) Hazard Statement – H314 (R34) Precautionary Statement – P102 (S2), P305+334

(S26), P309 + 314 (S45), P405 (S1) **Aluminum Oxide:** Danger Symbol – GHS07 (Xi)

Hazard Statement – H319 + 315 (R36/38)

Precautionary Statement – P102 (S2),

P301+315 (S46)

See Section 16 for Hazard and Precautionary Statement Key.

Section 4 – First Aid Measures

First Aid for Eye Immediately flush eyes with plenty of water for at least 15 min. occasionally lifting the upper and

lower lids. Get medical aid immediately.

First Aid for Skin Get medical attention. Immediately flush skin with plenty of soap and water for at least 15 min. while

removing contaminated clothing and shoes. Discard contaminated clothing in a manner which limits

Date of Issue: 03/26/2014

FLECK'S CEMENT LIQUID

Page 2 of 5

further exposure.

First Aid for Ingestion Do NOT induce vomiting. If victim is conscious and alert, give 2-4 cups of milk or water. Get medical

attention.

First Aid for Inhalation Get medical aid immediately. Remove from exposure to fresh air immediately. If not breathing, give

artificial respiration.

Section 5 – Fire Fighting Measures

Flash Point (°F/°C)	Flammable Limit (vol%)	Auto-ignition Temperature (vol%)
N/A	N/A	N/A

Method:

Extinguishing Media: Use water spray to cool fire exposed containers. In case of fire use water spray, dry chemical, carbon

dioxide or foam.

Fire Fighting As in any fire, wear a self contained breathing apparatus in pressure-demand, MSHA/NIOSH, and full Instructions:

protective gear. Wear appropriate protective clothing to prevent contact with skin and eyes. Wear a

protective gear. Wear appropriate protective clothing to prevent contact with skin and eyes. Wear a self contained breathing apparatus (SCBA) to prevent contact with decomposition products.

Evacuate all personnel. Substance is noncombustible.

Section 6 – Accidental Release Measures

Spill or Release Procedures

Unusual Hazards:

Minor spills – Clean up immediately, avoid contact with skin and eyes. Find any type of acid spill response kit to neutralize pH. Wipe and clean with soapy water

Major spills – Clear area of personnel. Restrict access to area. Avoid contact with skin and eyes. Remove ignition sources and ventilate the area well. Dike large spills and remove to large containers. Prevent washings from entering all waterways. Contact authorities on large spills. Locate any type of acid spill response kit to neutralize pH. Clean area

thoroughly with soapy water.

Section 7 – Handling and Storage

Handling Limit all unnecessary personal contact. Avoid breathing vapors. Wear appropriate PPE. Use only in a chemical

fume hood if using in large quantity.

Storage Store in a cool, well ventilated area away from heat, sparks and flame. Keep containers closed when

not in use. Keep in original container provided by manufacturer.

Explosion Hazard None.

Section 8 – Exposure Controls / Personal Protection

Engineering Use adequate ventilation to keep airborne concentrations low.

Controls

Personal Protective Equipment

General To identify additional Personal Protective Equipment (PPE) requirements, it is recommended that a

hazard assessment in accordance with the OSHA PPE Standard (29CFR1910.132), or European Standard

EN166 be conducted before using this product.

Log Po/w

Eye/ Face

Safety glasses / goggles or splash shields are required when handling. Ensure eye bath is on hand.

Protection

Skin Protection Use impermeable clothing to prevent any contact with this product, such as gloves, apron, boots, or whole body

suit.

Respiratory

In case of insufficient ventilation, wear suitable respiratory equipment.

Protection

Section 10 – Stability and Reactivity

Stability: Incompatibility (Materials to Avoid):

Stable Bases, metals, amines, alcohols, halogenated agents, organic peroxides, phenols,

aldehydes, amides, azo, and hydrazines, carbamates, phenols, cyanide, epoxides,

caustics, sulfides, steel, sodium, and potassium hydroxides.

Hazardous Decomposition Products: Hazardous Polymerization:

Phosphine, Oxides of Phosphorus, hydrogen Will not occur

gas

Conditions to Avoid: Excess Heat, incompatible materials, combustible materials, exposure to moist air or water.

Section 13 – Disposal Considerations

Dispose of in compliance with governmental regulation (state and federal).

Dispose of container and unused contents in accordance with federal, state and local requirements. For EU Member States, please refer to any relevant Community provisions relating to waste. In their absence, it is useful to remind the user that national or regional provisions may be in force.

Labeling according to EC directives – 1272/2008 {CLP} and 1999/45/EC (items in parenthesis relate to 1999/45/EC)

European Community:

For Fleck's Cement Liquid (finished product):

- DANGER SYMBOLS: **GHS05** (C) Corrosive
- HAZARD STATEMENT: **H314** (**R34**)
- PRECAUTIONARY STATEMENT: P102 (S2), Keep out of reach of children. P261 (S24), Avoid breathing dust/fume/gas mist/vapor sprays. P280 (S36/37/39), Wear protective gloves/clothing/eye protection/face protection. P309+314 (S45),If exposed or you feel unwell, get medical advice/attention.

Section 16 – Other Information

EU Classes and Risk / Safety Phrases for Referenced Ingredients (See Section 2):

(items in parenthesis relate to 1999/45/EC)

Danger Symbols:

GHS05 (C) – Corrosive. GHS07 (Xi) – Warning (Irritants)

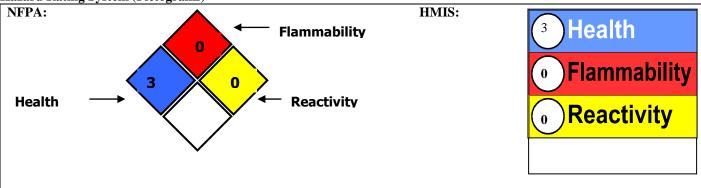

Hazard Statement:

H314 (R34), Causes severe skin burns and eye damage. H319 + 315 (R36/38), Irritating to eyes and skin.

Precautionary Statement:

P102 (S2), Keep out of reach of children. P260 (S23), Do not breathe dust/fume/gas/mist/vapors/spray. P261 (S24), Avoid breathing dust/fume/gas mist/vapor sprays. P280 (S36/37/39), Wear protective gloves/clothing/eye protection/face protection. P309+314 (S45), If exposed or you feel unwell, get medical advice/attention. P305+334 (S26), In case of contact with eyes, rinse immediately with water. P301+315 (S46), If swallowed, get immediate medical advice / attention. P405 (S1), Keep locked up.
