	= not applicable, n.k = not known			
	Identification of the substance / pr Product Details: Trade Name: WAX BASEPLATE PI Distributed By: Henry Schein, Inc. 135 Duryea Road Melville, NY 11747 Phone: 1-800-472-4346 E-Mail Emergency Contact Numbers: USA & Canada: CHEMTREC 1-80			
2.	Composition / information on ingre Chemical characterization: Dental Hazardous components:			
	None			
	Non-hazardous components (>10%) Petroleum Hydrocarbons & Additive			
3.	Hazard identification Hazard Designation: Non-Hazardous at room temperature. Above its melting point, wax becomes a liquid and flows more readily as its temperature increases. If material is used as a hot liquid, it requires special handling. At temperatures significantly above its melting point, hydrocarbon vapors are given off which should be handled with adequate ventilation. Can cause eye, skin and respiratory irritation when heated significantly above its melting point. Information pertaining to particular dangers for man and environment: None Classification is in line with BC directive 1999/45/EC: Not Applicable (N/A)			
	First-aid measures General Information: After inhalation: After skin contact:	Not a hazardous material at room temperature. If exposed to melted wax, see below. Remove individual to a well-ventilated area for fresh air, and call a physician if symptoms persist. Exposure to fumes vapor and smoke from thermal degradation can cause irritation. Exposure to molten material can cause burns. Run exposed area under water for 15		
	After eye contact: After swallowing:	minutes, then contact a physician. Do not attempt to remove material bonded to skin. Exposure to fumes vapor and smoke from thermal degradation can cause irritation. Direct contact with molten material will cause eye injury. Flush eyes with copious amounts of water for 15 minutes, administer first aid, and call a physician. Material is not generally toxic by ingestion.		
5.	Fire-fighting measures Flammability: Non-Flammable Extinguishing media: Unsuitable extinguishing media: Protective Equipment:	Flash Point: n.a. LEL: n.a. UEL: n.a Carbon dioxide, Foam and dry chemicals Do not use direct water stream. n.a.		
i.	Accidental release measures Personal precautions: Environmental precautions: Method for clean up:	No smoking. Observe local by-laws Handle as a thermoplastic. Allow molten material to cool and solidify before handling.		
	Handling and storage Handling:	Use appropriate PPE when handling molten wax. Store in a dry place, away from heat and flames.		
	Storage:
