## PIP SPRAY

### Section I - Product and Company Identification

Product Name: PIP SPRAY

Chemical Name: NA

Family: NA

Product Use:

Formula: Proprietary Mixture

Manufacturer: KEYSTONE INDUSTRIES

616 Hollywood Ave, Cherry Hill, NJ 08002

Emergency Phone Numbers: (800) 535-5053

Information Contacts: (856) 663-4700

### Section II - Hazardous Ingredients

| Chemical Identity       | CAS Numbers | Exposure         | Limits            | Carcinogen    | %   |
|-------------------------|-------------|------------------|-------------------|---------------|-----|
|                         |             | OSHA<br>TWA/STEL | ACGIH<br>TWA/STEL |               |     |
| Poly (Dimethylsiloxane) | 63148-62-9  | N/E              | N/E               | IARC/NTP/OSHA |     |
| Distilled Water         | N/A         | N/A              | N/A               | Not Listed    | <10 |
|                         |             |                  |                   | Not Listed    | >90 |

N/E - None Established  
N/R - Not Reviewed  
N/DA - No Data Available  
N/A - Not Applicable

### Section III - Hazards Identification

#### EMERGENCY OVERVIEW

- None

#### Potential Health Effects, Signs and Symptoms of Exposure:

|                        |   |
|------------------------|---|
| Primary Route of Entry | Inhalation, skin contact, eye contact   |
| Eye                    | May cause minor irritation. Excess redness and swelling of conjunctiva may occur.               |
| Skin                   | May cause minor irritation with itching and possible redness                                    |
| Ingestion              | No evidence of harmful effects from available information                                       |
| Inhalation             | Short-term harmful health effects are not expected from vapor generated at ambient temperature. |
| Sub-Chronic Effects    | No adverse effects anticipated from available information                                       |

NOTE: Refer to Section 11, Toxicological Information for Details

### Section IV - First Aid Measures

|                          |  |
|--------------------------|--|
| First Aid for Eye        | Flush eyes thoroughly with water for several minutes |
| First Aid for Skin       | Wash skin with soap                                  |
| First Aid for Inhalation | No emergency anticipated                             |
| First Aid for Ingestion  | No emergency anticipated                             |

### Section V - Fire Fighting Measures

| Flash Point<br>(°F) | Flammable Limit<br>(vol%) | Auto-ignition Temperature<br>(vol%) |
|---------------------|---------------------------|-------------------------------------|
| none                | N/A                       | N/A                                 |

Method: None

Extinguishing Media: Non-flammable, after water evaporates, remaining material will burn. All purpose type.

Fire Fighting Instructions: Use self contained breathing apparatus when fighting fires in enclosed areas.

Unusual Hazards: This material may produce a floating fire hazard in extreme fire conditions.

### Section VI - Accidental Release Measures

|                               |   |
|-------------------------------|---|
| Spill or Release Procedures - | • Absorb spill with inert material, (e.g. dry sand or earth), then place into a chemical waste. |
|-------------------------------|---|

## PIP SPRAY

container.

- Use proper personal protective equipment as indicated in Section 8.

### Section VII - Handling and Storage

- Handling
- Use with adequate ventilation and avoid contact with eyes and skin (eye irritant). Wash thoroughly after handling.
- Storage
- Keep away from sources of ignition. Store in a cool, dry place.
- Explosion Hazard
- N/A

### Section VIII - Exposure Controls / Personal Protective Equipment

|                               |  |
|-------------------------------|--|
| Engineering Controls          | Use adequate ventilation to keep airborne contaminants low.  |
| Personal Protective Equipment |  |
| General                       | Make sure eyewash and safety showers are available.  |
| Eye/ Face Protection          | Wear appropriate eyeglasses or chemical safety goggles as described by OSHA's eye and face protection regulations in 29 CFR 1910.133 or European Standard EN166. |
| Skin Protection               | PVC coated gloves.   |
| Respiratory Protection        | None expected to be needed.  |

### Section IX - Physical and Chemical Properties

|                                  |                              |  |                    |                  |                     |            |                                  |
|----------------------------------|------------------------------|--|--------------------|------------------|---------------------|------------|----------------------------------|
| Appearance                       | Odor & Odor Threshold        |  | pH                 | Specific Gravity | Viscosity           | % Volatile |                                  |
| Green                            | Mint                         |  | N/DA               | N/DA             | N/DA                | N/DA       |                                  |
| Boiling Point/<br>Freezing Point | Decomposition<br>Temperature | Octanol/Water<br>Partitioning<br>Coefficient<br>Log Po/w | Vapor<br>Pressure: | Vapor<br>Density | Evaporation<br>Rate | Ignition   | Solubility<br>In Water<br>(20°C) |
| > 100 °C                         | N/DA                         | N/DA   | < 20               | > 1              | > 1                 | N/DA       | Dispersible                      |

### Section X - Stability and Reactivity

#### Stability:

Stable

#### Hazardous Decomposition Products:

Silicon Oxide

#### Conditions to Avoid:

Heat, flame, ignition sources.

#### Incompatibility (Materials to Avoid):

Avoid high temperatures and strong oxidizers

#### Hazardous Polymerization:

Not been reported

### Section XI - Toxicological Information

|  |                               |                                   |                           |                          |
|--|-------------------------------|-----------------------------------|---------------------------|--------------------------|
| Acute Oral Toxicity<br>Oral LD50 (rat) > 24 g/kg | Acute Dermal Toxicity<br>N/ND | Acute Inhalation Toxicity<br>N/DA | Irritation - skin<br>N/DA | Irritation - Eye<br>N/DA |
| Sensitization<br>N/DA                            | Mutagenicity<br>N/DA          | Sub-chronic Toxicity<br>N/DA      |                           |                          |

### Section XII - Ecological Information

#### Ecotoxicological Information

|                                   |  |                                    |                          |  |
|-----------------------------------|--|------------------------------------|--------------------------|--|
| Acute Toxicity<br>to Fish<br>N/DA | Acute Toxicity<br>to Invertebrates<br>N/DA | Acute Toxicity<br>to Algae<br>N/DA | Bioconcentration<br>N/DA | Toxicity to Sewage<br>Bacteria<br>N/DA |
| Chemical Fate Information         |  |                                    |                          |  |
| Biodegradability                  | N/DA                                       |                                    |                          |  |
| Chemical Oxygen Demand            | N/DA                                       |                                    |                          |  |

## PIP SPRAY

### Section XIII - Disposable Concentrations

- Incinerate in furnace or otherwise dispose of in accordance with local, state, and federal regulations.

### Section XIV - Transport Information

- Non-hazardous material thus no special shipping instructions.

### Section XV - Regulatory Information

#### US Federal Regulations

Clean Air Act: HAP

Clean Air Act: ODS

Clean Water Act: Priority Pollutant

FDA

Occupational Safety and Health Act

RCRA

SARA Title III: Section 302

SARA Title III: Section 304

SARA Title III: Section 311-312:

SARA Title III: Section 313:

TSCA Section 8(b): Inventory:

This product does not contain any hazardous air pollutants (HAP's)

This product neither contains, nor was manufactured with a Class I or Class II ozone depleting substance (ODS).

This product contains no chemicals listed under the U.S. Clean Water Act Priority Pollutant List.

This product is considered a class 1 product and complies with all FDA regulations

The product is not considered hazardous under OSHA

This product is not listed as a RCRA hazardous waste.

This product contains no chemicals regulated under Sec. 302 as extremely hazardous substances.

This product contains no chemicals regulated under Section 304 as extremely hazardous chemicals for emergency release notification ("CERCLA" List).

This product is considered not to be hazardous under the OSHA Hazard Communication Standard and is regulated under Section 311-312 (40 CFR 370).

This product contains no chemicals that are subject to the reporting requirements of Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 and 40 CFR Part 372.

This product contains chemicals listed on the TSCA inventory or otherwise complies with TSCA premanufacture notification requirements.

#### State Regulations

CA Proposition 65

MA Right-to-Know Law:

NJ Right-to-Know Law:

PA Right-to-Know Law:

FL Right-to-Know Law:

This product contains no substances known to the State of California to cause cancer and adverse reproductive effects.

Components present in this product are not at levels (MSL) which would require reporting under the state statute (105 CMR 670.000)

None
